Honest, we haven't seen one of your films before, we were joking.
***Yeah, yeah, I can tell by the look on your faces. You've seen me having sex, haven't you? You've seen me being fucked stupid by big studs.***

Steady on! This is supposed to be a nice relaxed chat.
***Yeah right, you know you want me talking dirty to you. And I'm more than willing! I'm a dirty slut and proud of it.***

Our mothers would love you!
***Hey, I'd say hello to your mum. Only briefly, though, before taking you upstairs to shag you in her bed.***

What an introduction that would be!

***At least she'd know you were being properly taken care of.***

We're lost for words!

***Cat got your tongue? Ask me something really crude and dirty.***

Right then, what's the filthiest thing you've ever done?

***One time I got fucked by three men at once – one in my pussy, one up my fanny and the third buried deep in my arse. It was the best sex I've ever had!***

Cor! So you're a film star in the making, eh?
***That's what I'm hoping for – movie and TV stardom. Think you can help me out?***

This appearance in *Mayfair* will work wonders. Directors all over the world will be queuing up to sample your talents.
***That's what I'm afraid of. Their idea of an audition will be more a case of getting me off stage, onto a bed and into my pants! I've heard plenty of stories about what goes on in this biz.***

Would you sleep with someone just to get a big part in a movie?
***Hmm… I'd have to think about that one. If the director or whoever was really good looking I suppose it could work out really well – good sex and a great part in a film. I don't really have anything against people who sleep their way to the top, but I'd like to think I was worth a little more than that. I would prefer my talent to ultimately get me to the top rather than my tits and ass.***

Would you sleep with somebody for a million pounds?

*For a million? Yes! That's an offer just too good to turn down. I could retire and live in luxury. But no less than that – I'm not cheap!*

How about £5.38 and a packet of Brannigan's crisps?

*[Laughs] Is that all you have? Ahh, how sweet. But erm… no.*

Fair enough. Back to work, lads!

This is the end of an era, Claire. Your final *Mayfair* shoot!
***It's weird, isn't it? I'll miss it in a way, but I'm turning into one of those career women. The one's with nothing but bloody work on their minds!***

It's quite sad, like that bit at the end of *E.T*, saying goodbye to a friend and that.
***Hey, don't you go comparing me to an alien! That thing didn't have a body anywhere near as good as mine!***

Thanks for signing all those pictures for us.
***That's okay. But did you have to give me one hundred? My wrist was aching for ages afterwards.***

Now you know how men feel after looking at your shots! Did your boss mind us coming into the office to set this up?
***He took a bit of persuading but was fine in the end. There's a rumour going that he's got a big collection of* Mayfairs *at home, so he's probably seen it all before.***

Surprise, Surprise, Cilla!
*Oh, don't you start. All my sister's boyfriend ever does is impressions of Cilla Black in front of me. He's a right prat.*

Sounds like a lorra, lorra fun!
*No way! It's as irritating as hell. If he's reading this I'd like to tell him straight – stop doing impressions, Tony. You're not funny, in fact you're nothing but a twat!*

You think he's going to see this? Your sister's boyfriend?
*Yeah, he loves porn mags, and he found out from one of my mates that I'm doing this.*

This could spark off a big family ruck, chuck.
*As long as he shuts up. I'm nothing like Cilla Black. When did you last see her in a mag showing her muff?*

We heard you didn't want us to interview you, Vanessa?

*No, I don't mind, it's just that I don't want to come across sounding like a dunce, that's all. Most magazines just want you to strip, so I'm not used to this interview lark.*

Don't worry. We won't ask anything too probing.
*That makes a change. I was involved in this music video a few months ago, and when one cameraman discovered I was a model he just asked me questions about shagging non stop.*

Such as?
*Oh, just the usual. If I thought it was important for a lover to have a big dick, that sort of thing.*

And what was your reply?
*I thought you said you didn't ask probing questions?*

Well now we're on the subject.
*Oh, I see – you want to know really! Alright then just this once. No, size isn't important to me.*

Really?
*No, not really! But you look like you've only got a little one!*

Last time we talked you said you wanted to pose again – smiling!
*I know! I think I've just got one of those faces that looks constantly down. I was really happy during this.*

You've made us happy!
*People often say, 'Cheer up it might not happen,' which is so annoying. I usually reply, 'It already has, you've started talking to me!'*
